Internet site: interplayaus.com.au**

Fun, creativity, connection

InterPlay can be both fun and profound.

**It is an active, creative way to
connect with the wisdom of the body.**

**This event is for
people new to InterPlay, for
InterPlayers wanting more experience
with InterPlay forms, as well as
for InterPlayers who just love to *play*.**

**We will be exploring using the five
languages of the body: movement,
voice, words, contact and stillness.**
